## Jerusalem: Idea and Reality

Jerusalem, the holy city of three faiths, has been the focus of competing historical, religious, and political narratives from Biblical chronicles to today's headlines. With an aura that transcends the boundaries of time and place, the city itself embodies different levels of reality – indeed, different realities altogether – for both observers and inhabitants. There is the real Jerusalem, a place of ancient streets and monuments, temples and coffee-houses, religious discourse and political argument. But there is also the imaginary and utopian city that exists in the minds of believers, political strategists, and artists. The study of this multifaceted city poses complex questions that range over several fields of inquiry.

The multidisciplinary studies in *Jerusalem* offer insights into this complexity. Chapters by leading scholars examine the significant issues that relate to the perception, representation, and status of the city at the historical, religious, social, artistic, and political levels. Together they provide an essential resource for anyone interested in the paradoxes that Jerusalem offers.

#### **Brooke Lambeth:**

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some guide, they are complained. Just little students that has reading's internal or real their passion. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Jerusalem: Idea and Reality can make you truly feel more interested to read.
