International Higher Education Volume 1: An Encyclopedia (Routledge Library Editions: Education)

This encyclopedia is the result of a highly selective enterprise that provides a careful selection of key topics in essays written by top scholars in their fields. Comprehensive and in-depth coverage of a limited number of countries, regions and themes is provided. The essays not only feature statistical and factual information but significant interpretation of those facts and figures. The chapters on themes and topics are both analytic and interpretative and deal with the most important topics relevant to higher education everywhere. More than a compendium of facts and figures the encyclopedia is a comprehensive overview of a growing field of research and analysis.
