Moon Dust Castles (and other shorts) is a short collection of short stories that promises short bursts of laughter and long guffaws. The cast of characters includes a drengle whose InstaVoice is on the fritz, a gnobbin determined to redeem his home country of Effnshrmrrmr from the prevailing darkness, and a reality TV star intent on winning permanent lunar residency. Imbued with a fresh lack of profundity, doused in satire, and sprinkled with whimsy, these stories will gently offend end-times prophesiers, fantasy groupies, and anyone who thinks humans actually have a clue. With bits of science fiction and romance in the mix, this collection offers a hearty taste of Jessica Thomas' rich (and sometimes bitter) imagination.
