Robopocalipsis (Spanish Edition) Daniel Wilson
Están en tu casa. Están en tu coche. Están en el cielo. Y ahora vienen a por ti.

En un futuro cercano, una unidad de inteligencia artificial llamada Archos se activa sola y mata al hombre que la creó. Con este primer acto de traición, Archos inicia el siniestro proceso que la llevará a controlar la red de máquinas y la sofisticada tecnología que regula nuestro mundo. Unos meses más tarde, todos los dispositivos mecánicos se sublevan, haciendo estallar la Guerra de los Robots, una sangrienta ofensiva que diezma a la población humana y que, por primera vez en la historia, hace que hombres y mujeres de orígenes y creencias dispares se unan sin reservas. Durante cinco años librarán una lucha épica, impulsados por una única y férrea motivación: la supervivencia de su especie.

Poblada por protagonistas inolvidables, *Robopocalipsis* es una electrizante y entretenida novela futurista sobre el lado oscuro de la evolución tecnológica.

"Profundamente inquietante… Wilson mantiene un excelente ritmo, creando una apasiónate historia sobre los peligros tecnológicos en nuestras vidas". —*Los Angeles Times*
