Matthew Reilly

Antártida: estación polar (Exprés) (Spanish Edition) Matthew Reilly

En una remota estación polar estadounidense en la Antártida, un grupo de científicos ha descubierto un objeto atrapado en el interior de una capa de hielo de cuatrocientos años de antigüedad. Parece ser un artefacto de metal... que no debería estar allí... y por el que mucha gente estaría dispuesta a matar.

Un equipo de marines estadounidenses, con el enigmático teniente Shane Schofield a la cabeza, se dirige a la estación polar para proteger tan extraño hallazgo. Sin embargo, otros países quieren apropiarse de él y harán todo lo necesario para conseguirlo. Por fortuna, los hombres de Schofield son soldados experimentados, dispuestos a seguirle hasta el mismísimo infierno... y pronto descubrirán que es allí adonde se dirigen.
