## Not Just a Dot

Dot is feeling a bit underappreciated. After all, Dot is only a dot, and what good is a dot? It looks like Dot could use a reminder of his important place in the world. How could a person see if he only had one dotted eye? And what would a dalmatian be without all its spots? More importantly, how could children ask for sweet treats without the dot in a question mark? Dot is about to get a big lesson on just how important he is—because there's a special spot for every dot in this world!

From author/illustrator Loryn Brantz comes a witty story about confidence and value. Interactive dialogue and illustrations encourage readers to point out missing dots on each page and makes *Not Just a Dot* a wonderful tool for teaching self-confidence.

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
