On Railways Far Away (Railroads Past and Present)

William D. Middleton

On Railways Far Away (Railroads Past and Present) William D. Middleton

In this lavishly illustrated memoir, William D. Middleton invites readers to climb aboard and share with him 60 years of railroad tourism around the globe. Middleton's award-winning photography has recorded events such as the final days of American Civil War locomotives in Morocco and the start up of the world's first high-speed railway in Japan. He has photographed such great civil works as Scotland's Firth of Forth Bridge and the splendid railway station at Haydarpasa on the Asian side of the Bosphorus, while closer to home he has been recognized for his significant contribution to the photographic interpretation of North America's railroading history. On Railways Far Away presents over 200 of Middleton's favorite photographs and the personal stories behind the images. It is a book that will delight both armchair travelers and those for whom the railroads still hold romance.
