This book pulls together experts in the fields of economics and Russian culture, all participants in the Samuel P. Huntington Memorial Symposium on Culture, Cultural Change and Economic Development, a follow-up to the 1999 Cultural Values and Human Progress Symposium at Harvard University. As the sequel to the 2001 volume *Culture Matters*, it discusses modernization, democratization, economic, and political reforms in Russia and asserts that these reforms can happen through the reframing of cultural values, attitudes, and institutions.
