Precalculus, Hybrid Edition (with Enhanced WebAssign Printed Access Card and Start Smart Guide for Students) Ron Larson

Larson's PRECALCULUS HYBRID, Ninth Edition, delivers the same sound, consistently structured explanations and exercises of mathematical concepts as his market-leading hardcover text, PRECALCULUS, Ninth Edition, combined with a briefer paperback format. The HYBRID demonstrates Larson's commitment to revolutionizing the way instructors teach and students learn material by moving all the end-of-section exercises from the text online as well as incorporating more real-world applications, ongoing review, and innovative technology. "How Do You See It?" exercises give students practice applying the concepts, and new "Summarize" features, "Checkpoint" problems, and a Companion Website reinforce understanding of the skill sets to help students better prepare for tests.
