The World Beneath

Cate Kennedy

The World Beneath Cate Kennedy

The first novel from acclaimed author Cate Kennedy is a compassionate and unswerving portrait of a broken family whose members go to extraordinary lengths to reclaim their lives and relationships from the mistakes of the past.

Fifteen years after their break-up, Rich and Sandy have both settled into the unfulfilling compromises of middle age: he's a late-night infomercial editor with photojournalism aspirations; she makes hippie jewelry for a local market and struggles to maintain a New Age lifestyle that fails to provide the answers she seeks. To distract themselves from their inadequacies, Rich and Sandy cling to the shining moment of their youth, when they met as environmental activists as part of a world-famous blockade to save Tasmania's Franklin River.

Their daughter, Sophie, has always remained skeptical of this ecological fairytale, but when Rich invites her on a backpacking trip through Tasmania for her fifteenth birthday, Sophie sees it as a way to bond with a father she's never known. As they progress further into the wilderness, the spell of Rich's worldly charm soon gives way to suspicion and fear as his overconfidence sets off a chain of events that no one could have predicted.
