#### **Tina Wilson:**

In this period globalization it is important to someone to find information. The information will make professionals understand the condition of the world. The health of the world makes the information quicker to share. You can find a lot of recommendations to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher which print many kinds of book. The actual book that recommended for you is Introduction to Focused Ion Beams this reserve consist a lot of the information in the condition of this world now. This particular book was represented so why is the world has grown up. The dialect styles that writer use to explain it is easy to understand. The particular writer made some study when he makes this book. That's why this book suitable all of you.

#### **Lorraine Stark:**

As a pupil exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some reserve, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Introduction to Focused Ion Beams can make you sense more interested to read.
