Inter-professional Approaches to Young Fathers Dr Jane Reeves

One of the aims of the book is to draw together contemporary research evidence, social theory and policy which may effect how practitioners, students and academics conceptualise and work with young fathers. Consequently, each chapter illustrates the points it makes using discrete evidence from that particular field. Moreover, in order to make this process more 'user friendly' each chapter provides a summary of this literature and evidence. Finally, in order to make the book come alive it draws on case studies, which are drawn, variously, from two studies conducted by the editor.
