Creation without Restraint: Promoting Liberty and Rivalry in Innovation Christina Bohannan, Herbert Hovenkamp

Creation without Restraint: Promoting Liberty and Rivalry in Innovation analyzes the current state of competition (antitrust) and intellectual property laws, and proposes realistic reforms that will encourage innovation. As with antitrust and a reform process that aligned injury requirements in lawsuits with the incentive to compete, this book proposes similar reforms for patent and copyright law, and considers both the uses and limitations of antitrust as a vehicle for intellectual property law reform.
