Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies in Linguistics) Nina Topintzi

The concept of the 'onset', i.e. the consonant(s) before the vowel of a syllable, is critical within phonology. While phonologists have examined the segmental behaviour of onsets, their prosodic status has instead been largely overlooked. In fact, most previous accounts have stipulated that onsets are insignificant when it comes to the 'heaviness' of syllables. In this book Nina Topintzi presents a new theory of onsets, arguing for their fundamental role in the structure of language both in the underlying and surface representation, unlike previous assumptions. To capture the weight behaviour of onsets, a novel account is proposed that relates their interaction with voicing, tone and stress. Using numerous case-studies and data from a variety of languages and phenomena (including stress, compensatory lengthening, gemination and word minimality), the book introduces a model that reflects the true behaviour of onsets, demonstrating profound implications for syllable and weight theories.

From reader reviews:

Lou Morton:

Why don't make it to become your habit? Right now, try to prepare your time to do the important behave, like looking for your favorite guide and reading a publication. Beside you can solve your long lasting problem; you can add your knowledge by the reserve entitled Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies in Linguistics). Try to stumble through book Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies in Linguistics) as your pal. It means that it can to be your friend when you truly feel alone and beside associated with course make you smarter than ever. Yeah, it is very fortunated for yourself. The book makes you much more confidence because you can know everything by the book. So , we should make new experience and knowledge with this book.

Adelina Foreman:

What do you concentrate on book? It is just for students since they're still students or the item for all people in the world, the actual best subject for that? Merely you can be answered for that query above. Every person has distinct personality and hobby for each and every other. Don't to be pushed someone or something that they don't need do that. You must know how great along with important the book Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies in Linguistics). All type of book is it possible to see on many options. You can look for the internet solutions or other social media.

Judith Bradshaw:

The reason why? Because this Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies in Linguistics) is an unordinary book that the inside of the book waiting for you to snap this but latter it will distress you with the secret the idea inside. Reading this book next to it was fantastic author who write the book in such awesome way makes the content within easier to understand, entertaining means but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of advantages than the other book have got such as help improving your proficiency and your critical thinking way. So , still want to delay having that book? If I had been you I will go to the book store hurriedly.

Mary Otter:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Onsets: Suprasegmental and Prosodic Behaviour (Cambridge Studies

in Linguistics) can make you really feel more interested to read.
