Philip J. Imbrogno

Interdimensional Universe: The New Science of UFOs, Paranormal Phenomena and Otherdimensional Beings Philip J. Imbrogno

Over the course of his thirty years of investigation into UFOs, including his own field research, photographic evidence, and meticulously compiled case studies, Philip Imbrogno has provided fascinating new insight into paranormal phenomena. In this book, he reveals for the first time the detailed findings of prominent paranormal experts as well as his own firsthand experiences.

Using the latest quantum theories, Imbrogno sheds new light on classic UFO cases, government cover-ups, and the hidden connections between UFOs and other unexplained phenomena—from crop circles and animal mutilations to angels and jinn (or genies).

Imbrogno's insider knowledge spans the very early UFO reports to present-day sightings. He personally investigated four of the best-known UFO flaps of the modern era—Hudson Valley, Phoenix lights, the Belgium sightings, and the Gulf Breeze Florida sightings—and shares information never released before, including photographic evidence that something very unusual is taking place on planet Earth.
