**Lee's Lieutenants: A Study in Command. Volume II: Cedar Mountain to Chancellorsville** Douglas Southall Freeman

When Douglas Southall Freeman's original three-volume version of Lee's Lieutenants appeared in the 1940s, it marked a high point in Civil War history, and the books were lauded not only for their scholarship but for their elegant writing. This monument of Civil War literature has been skillfully abridged by one of the most noted present-day Civil War historians, Stephen W. Sears. The new one-volume abridgement retains the core material of the original and makes Freeman's fine writing available in a much more accessible format. --This text refers to an out of print or unavailable edition of this title.
