Ace the oncology boards with our most up-to-date, comprehensive self-paced review books!

Based on dialogue and exchange of ideas and opinions of previous exam sitters, this in-depth question-and-answer review book and workbook covers the entire specialty of oncology and provides thorough preparation for anyone planning on taking the oncology boards for the first time or just for CME.

Inside, readers will discover hundreds of multiple-choice and logical case-based questions along with the biology, diagnosis, staging, and multimodality and inter-disciplinary approach to standardize treatment of cancers at every anatomic site.

Included are different chapters on molecular techniques, targeted therapies, and current approaches to correct cancer prevention.

Detailed answers and explanations follow the questions to help our readers grasp the ‘how and ‘why’ behind each correct response.

We have found since 1996, when we first introduced our reviews, that this is the ideal way to maximize exam scores for today’s student and residents, and practising Oncologists to freshen up their knowledge base in an easy-to-follow format.

Please peruse the sample pages before you buy, to make sure this is what you require.
