Engaging the Rewired Brain

David A. Sousa

Engaging the Rewired Brain David A. Sousa

Technology is transforming the human brain. Students are engaging with new information in different ways, so educators must shift their instructional practice accordingly. In *Engaging the Rewired Brain*, bestselling educational neuroscience author Dr. David A. Sousa looks at how technology changes the way young people's brains function and how educators can adapt instruction to keep them motivated to learn.

With a glossary of terms and a resources section to connect educators with supplemental materials and information, this book is a must-have for anyone striving to understand technology's impact on the young brain and to prepare today's learners for an increasingly advanced future.
