## How To Hide Your Guns: Off Grid Survival Caches Sam Adams

It doesn't matter whether it's a natural disaster that forces you from your home, an epidemic, a terrorist attack, or civil unrest (which almost always involves looting), some of us may one day find ourselves unable to return to our homes and in need of food, shelter, money, and personal protection. In *Hide Your Guns*, you are shown exactly how you can use creative techniques to hide things, even if you're renting your house or don't want to do any major remodeling. For those of us who have decided to follow a prepper lifestyle of thriftiness, saving, and stores, our very possessions are in the crosshairs of thieves and opportunists. These people can range from total strangers to members of one's own family. If you're ready to take emergency preparedness to the next level, then this book is for you.
