The Age of Federalism

Stanley Elkins, Eric McKittrick

The Age of Federalism Stanley Elkins, Eric McKittrick

When Thomas Jefferson took the oath of office for the presidency in 1801, America had just passed through twelve critical years, years dominated by some of the towering figures of our history and by the challenge of having to do everything for the first time. Washington, Hamilton, Madison, Adams, and Jefferson himself each had a share in shaping that remarkable era--an era that is brilliantly captured in *The Age of Federalism*. Written by esteemed historians Stanley Elkins and Eric McKittrick, *The Age of Federalism* gives us a reflective, deeply informed analytical survey of this extraordinary period. Ranging over the widest variety of concerns--political, cultural, economic, diplomatic, and military--the authors provide a sweeping historical account, keeping always in view not only the problems the new nation faced but also the particular individuals who tried to solve them. As they move through the Federalist era, they draw subtly perceptive character sketches not only of the great figures--Washington and Jefferson, Talleyrand and Napoleon Bonaparte--but also of lesser ones, such as George Hammond, Britain's frustrated minister to the United States, James McHenry, Adams's hapless Secretary of War, the pre-Chief Justice version of John Marshall, and others. They weave these lively profiles into an analysis of the central controversies of the day, turning such intricate issues as the public debt into fascinating depictions of opposing political strategies and contending economic philosophies. Each dispute bears in some way on the broader story of the emerging nation. The authors show, for instance, the consequences the fight over Hamilton's financial system had for the locating of the nation's permanent capital, and how it widened an ideological gulf between Hamilton and the Virginians, Madison and Jefferson, that became unbridgeable. The statesmen of the founding generation, the authors believe, did "a surprising number of things right." But Elkins and McKittrick also describe some things that went resoundingly wrong: the hopelessly underfinanced effort to construct a capital city on the Potomac (New York, they argue, would have been a far more logical choice than Washington), and prosecutions under the Alien and Sedition Acts which turned into a comic nightmare. No detail is left out, or left uninteresting, as their account continues through the Adams presidency, the XYZ affair, the naval Quasi-War with France, and the desperate Federalist maneuvers in 1800, first to prevent the reelection of Adams and then to nullify the election of Jefferson.

The Age of Federalism is the fruit of many years of discussion and thought, in which deep scholarship is matched only by the lucid distinction of its prose. With it, Stanley Elkins and Eric McKittrick have produced the definitive study, long awaited by historians, of the early national era.

From reader reviews:

Margaret Clayton:

What do you concentrate on book? It is just for students because they're still students or the idea for all people in the world, what best subject for that? Just you can be answered for that query above. Every person has diverse personality and hobby for every other. Don't to be compelled someone or something that they don't want do that. You must know how great and important the book The Age of Federalism. All type of book could you see on many solutions. You can look for the internet resources or other social media.

Brian Mejia:

Do you certainly one of people who can't read enjoyable if the sentence chained in the straightway, hold on guys that aren't like that. This The Age of Federalism book is readable by simply you who hate the perfect word style. You will find the facts here are arrange for enjoyable looking at experience without leaving perhaps decrease the knowledge that want to deliver to you. The writer involving The Age of Federalism content conveys objective easily to understand by a lot of people. The printed and e-book are not different in the articles but it just different available as it. So , do you still thinking The Age of Federalism is not loveable to be your top collection reading book?

Fred Polak:

The Age of Federalism can be one of your nice books that are good idea. Most of us recommend that straight away because this reserve has good vocabulary which could increase your knowledge in language, easy to understand, bit entertaining but nevertheless delivering the information. The author giving his/her effort to place every word into joy arrangement in writing The Age of Federalism but doesn't forget the main level, giving the reader the hottest and also based confirm resource facts that maybe you can be considered one of it. This great information may drawn you into brand new stage of crucial pondering.

Blake Westerman:

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart or real their interest. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Age of Federalism can make you really feel more interested to read.
