The Vega Factor: Oil Volatility and the Next Global Crisis Kent Moors

How oil volatility is affecting the global political scene, and where the oil market is heading

The world is rapidly moving towards an oil environment defined by volatility. *The Vega Factor: Oil Volatility and the Next Global Crisis* takes an in-depth look at the most important topics in the industry, including strategic risk, why traditional pricing mechanisms will no longer govern the market, and how the current government approaches have only worsened an already bad situation.

- Details the industry's players, including companies, traders, and governments
- Describes the priorities that will need to be revised, and the policies needed to achieve stability
- Explains how today's oil market is fundamentally different from the pre-crisis market

Oil prices affect everyone. *The Vega Factor* explains the new international oil environment of increasing consolidation and decreasing competition, and reveals how consumers and investors can navigate price volatility and new government policies.

William Delacruz:

Are you kind of active person, only have 10 or perhaps 15 minute in your day to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you are having problem with the book when compared with can satisfy your short space of time to read it because all this time you only find guide that need more time to be study. The Vega Factor: Oil Volatility and the Next Global Crisis can be your answer mainly because it can be read by an individual who have those short extra time problems.

Amy Christensen:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library in order to make summary for some publication, they are complained. Just little students that has reading's spirit or real their interest. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this The Vega Factor: Oil Volatility and the Next Global Crisis can make you sense more interested to read.
