Bloomsbury Curriculum Basics: Teaching Primary Science Peter Riley

A brand new series for primary teachers that provides a full guide to teaching a primary curriculum area, especially for non-specialists. This book is closely tied to the new curriculum, with extracts from the curriculum itself and lesson plans and teaching ideas for every area.

This book will equip non-specialists to confidently deliver engaging and well-informed lessons, that account for the changes in the National Curriculum.

This is a very practical and easy to apply programme for teaching Science either in your own classroom, or to implement across the school in the role of a co-ordinator.
