Recognize, Predict, Plan for, and Profit From Bull and Bear Markets

Investment professionals know that business and financial cycles drive the prices of stocks, bonds, commodities, currencies, and other assets. This price action, in turn, creates regular, foreseeable investment opportunities. **Profiting in Bull or Bear Markets** shows you how to identify price distortions and imbalances, minimizing investment risk while achieving superior, more predictable returns. Author George Dagnino, whose newsletter was named one of the past decade's top five investment letter by Forbes, The New York Times, and The Washington Post, combines disciplines from economics and finance to investment management and decision-making into one unified approach. He gives you plain-English, easy-to-understand criteria for making profitable investment decisions in any market -- regardless of prevailing economic and market conditions. You're shown how to:

- Identify sources of risk using business and financial cycles
- Calculate the best times to buy and sell stock, bonds, and other assets
- Implement strategies geared toward personal business interests
- Learn what types and mixtures of investments to hold as the economy changes
