Esta obra se divide en dos grandes apartados. Los temas de educación, salud y trabajo se estudian en relación con la dinámica poblacional y la cohesión social; en tanto que los procesos políticos latinoamericanos se exploran desde temáticas específicas como las reformas judiciales, la transición y calidad de la democracia, la evolución de las reglas electorales y sus efectos en la representación política; la noción de ciudadanía, o bien, desde el nuevo constitucionalismo regional y sus conflictos. Una guía para el estudio de la complejidad social y política latinoamericana.
